# Larry's Homemade Quiche

Order one of Larry's quiches for any occasion, breakfast, brunch, lunch or dinner. Ready to eat, our quiches are great hot, room temperature or cold. All of our quiches are made from farm fresh eggs, our special blend of cheeses, heavy cream and spices in a flaky pastry crust.

To serve hot, remove quiche from refrigerator 1/2 hour before heating. Preheat oven to 325-350° degrees. Place quiche on a metal baking sheet and bake for 25-30 minutes, or until hot through. If you have leftover quiche, freeze it! Just thaw overnight in the refrigerator, then heat according to the instructions. You can microwave individual pieces of quiche, however the crust will not be as flaky.

While some varieties of quiche are available every day in our deli, we will happily take special orders. Choose from the list below or mix and match to create your own "signature quiche." Please give us at least 24 hours for specially made quiche orders.
